*

A **Processor Member** is defined as a food or beverage processor with an office and production facility within British Columbia. If any portion of your business is attributed to food handling (adding value, your company is considered a processor. An **Associate Member** provides goods or services to Processor Members or is a food or beverage processor that does not own or operate a production facility in BC. An **Industry Group Member** is an association or corporation that represents the interests of a segment of the food processing industry, and has objects similar to those of the Association. A **Corporate Group Member** is a corporation that owns two or more companies that are Processor Members.
