Processor Member is defined as a food, beverage, or natural health product processor with an office and production facility within British Columbia. If any portion of your business is attributed to adding value to food, your company is considered a processor. An **Industry Group Member** is an association or corporation that represents the interests of a segment of the agri-food processing industry, and has objectives similar to those of the Association. A **Corporate Group Member** is a corporation that owns two or more companies that are Processor Members.
